**WHEREAS**, to fully promote the health and general welfare of District residents, activities and annual budgets approved by the Board must reflect and be responsive to the diverse needs of communities in the region, and must ensure that expenditures also benefit underserved residents who are most vulnerable to environmental stressors caused by the improper use and deterioration of land, water, and other natural resources;

**WHEREAS**, the Board of Supervisors has considered the proposed ballot question to be considered by voter referendum at the November 5, 2024, election;

**WHEREAS**, the Board of Supervisors will submit this resolution for consideration by the New Mexico Soil and Water Conservation Commission who must approve this resolution in order for the referendum to be authorized, as required by Section 73-20-46(B), NMSA.
